

REMOTE BESPOKE

MEASUREMENT GUIDE

A4

International Format

GET STARTED

You will need a:

- **printer & scanner;**
- **A4 paper;**
- **a credit card;**
- **a flexible measuring tape;**
- **a thin pencil or pen;**

You need to calibrate your printer in order to print the guide correctly.

In the print settings select:

Resizing Options: Do not scale/ print actual size Paper Options: A4 (210 mm x 297 mm)

Once the settings are set you can print this page 2 and perform a calibration check.

If the calibration is correct, you can print the remaining pages.

Watch the video on our website to see our tutorial.

CALIBRATION CHECK

This area should have identical dimensions as a regular credit card if the PDF has been printed correctly.
